# Robins has \$3.845 billion economic impact on Georgia

# R

obins Air Force Base contributes \$3.845 billion to the Georgia economy, according to the installation's latest economic impact statement. That represents a 7.582 percent increase in overall impact from the previous year.

Published annually, the statement provides general information about the economic impact the installation has on the state of Georgia.

The report is also distributed to federal, state and local officials.

The fiscal 2023 statement sizes Robins' workforce at 22,126 – a figure that is made up of 14,428 appropriated fund civilians, 5,224 military members and 2,474 other employees, including contract and non-appropriated fund employees.

The statement also says Robins paid out \$1.62 billion in salaries. The largest chunk of that money – \$1.19 billion – went to civilians working on base, while military members accounted for \$411 million. Non-federal civilians and contract employees accounted for just over \$18 million.

Additionally, the base awarded \$6.153 billion in contracts during fiscal 2023. In Georgia, the base awarded \$458 million. Of that amount, Georgia firms in Houston and Bibb Counties accounted for 40 percent or \$182 million.

The analysis also showed the base's utility costs decreased by \$0.5 million.
