DAFI 36-3013,
5 August 2021, LACTATION ROOMS AND BREAST MILK STORAGE FOR NURSING MOTHERS.

“The guidance…details procedures for commanders to support nursing mother personnel with a lactation room to express milk (or even nurse their infant if circumstances permit) in close proximity of a nursing mother’s workplace within unit facilities under the control of a unit commander or equivalent.”
(Ibid., Paragraph 1.1.2)

“Unit Commanders: Will identify a private, secure (lockable from the inside) and clean area, other than a restroom, as a lactation room in the immediate vicinity of unit facilities or temporary workstations that are available to meet the needs of breastfeeding personnel to express breast milk.”
(Ibid., Paragraph 2.6.1)
