

ROBINS AFB EMERGENCY REFERENCE GUIDE

September 2019

Welcome to Team Robins!

We hope you enjoy your stay in Central Georgia. This guide provides emergency action for primary threats you need to take during an emergency.

Feel free to contact the: *Installation Office of Emergency Management* at **(478) 327-8885**

If you have any questions concerning this guide or emergency situations.

Tornado Shelter Area

TORNADO SHELTER AREA

Tornados are the highest natural disaster threat for Central GA & RAFB. If you hear a **3-5 minute Steady Tone**; Immediately take cover in your nearest **Tornado Shelter Area**.

Tornado Shelter Tips

Safest place.
Basement or interior room, stairwell or hallway on a low floor.

Worst place.
Avoid windows, doors and outside walls.

Cover yourself with blankets or a mattress for protection. A helmet can be used for added protection against head injuries.

ready.ga.gov

Ready. Georgia

If the above are not realistic options then do your best to find most ideal shelter location available to you at the moment.

- * If outdoors, immediately move indoors for shelter.
- * If there is not a building nearby, find the lowest lying point and lie face down, using your hands to cover your neck and head.

Shelter-In-Place

Shelter-In-Place is a response method to a Hazardous Material Incident. Should Shelter-In-Place (SIP) be directed;

- Look for the SIP Safe Room signs located inside buildings.
- If you are inside your billeting room, move to the best location:
 - *Interior Room (ex. Bathroom)
 - *No Exterior Walls
 - *No Windows
- Turn off the A/C in your room. The goal of SIP is to protect you from the air outside.

SIP is temporary in nature. If you are sheltered longer than 2 hours, call the Fire Department at **(478) 222-2900** for guidance. You may also call the "straight talk" line at **(478) 222-0815** for updates on the emergency.

Active Shooter - Lockdown

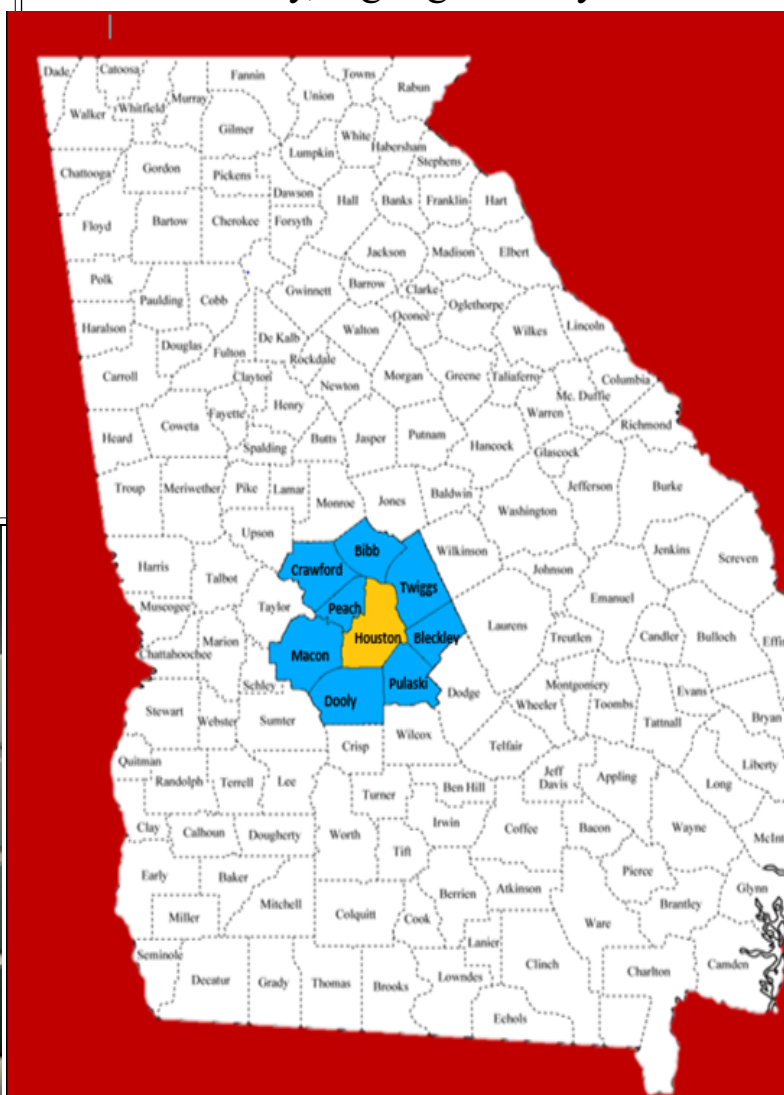

During an Active Shooter Incident the Command Post will utilize the Installation Warning & Notification System, announcing: **'LOCKDOWN LOCKDOWN LOCKDOWN'**
You should:

- Have an escape route in mind
- Hide out and LOCKDOWN
- Take action: As a last resort
- Record information and dial 911

Georgia County Map

Weather Watches and Warnings are announced by counties. You are currently in Houston County, highlighted in yellow.

U.S. AIR FORCE AFEM EMERGENCY NOTIFICATION SIGNALS
