

**Bldg767 Roof Replacement Project: Jan 12– May 18, 2021**

This work will require the contractor to utilize the parking lots on the northwest and southwest side of B767 and the south side of B765 for material storage and access to the roof with equipment and personnel.

The handi-cap designated parking space will remain accessible throughout the duration of this project.

**Road Closure for Commercial Gate Project: Nov. 2, 2020 - Spring 2021**

The following is provided as a courtesy notice for project UHHZ163000, Commercial Vehicle/ Visitor Access Control Facility. This project will involve the creation of a secure area inside the current base perimeter fence to allow construction of the new Commercial Vehicle Gate without coming into Robins AFB.

1. Oak Street Access from southwest parking lot at Building 641 to Oak Street.
2. Oak Street from Tech Road to Oak Street Access.
3. Oak Street from Tech Road to Danville Street.

**Danville Street from south drive at Building 610 to Oak Street: Nov. 2, 2020-Nov. 21**

Construction will take place from 2 November 2020 through November 2021. Oak Street Access to Tech Road will reopen in spring 2021. This work is projected to last approximately 415 days but could take longer due to inclement weather or unforeseen conditions in which the work could be delayed.

If you have any questions, the point of contact is Derek Grimsley, 478-273-0308. You may also contact Lou Bouffard, DSN 497-7435 or Labor Specialist, Percival Jackson, 78 FSS/FSCAL DSN 497-6457 COMM 478-327-6457.

**The West side of the North parking lot between B300 and B301 will be closed: Dec. 14, 2020- June 2, 2021**

The West side of the North parking lot between B300 and B301 will be closed for the duration of the project. Closure is needed to allow the contractor room to store materials and have access to the roof sections that are being replaced. Thirteen parking places will be closed, ten are handicap and three are government vehicles only. There are eight spots on the East side of the same parking lot that can be utilized to relocate the handicap spots. Construction is scheduled to begin December 14, 2020 and expected to be complete on June 2, 2021. In case of inclement weather or unforeseen conditions, work could be delayed.

Your cooperation will be appreciated. If you have any questions, the point of contact is Clint Jackson,

**Mill/Overlay Roads Base wide, Jan 4 2021 to Feb 3, 2021**

Mill/Overlay Roads Base wide, Richard Ray Blvd from Page Rd to Warner Robins St. Construction will take place from 4 Jan 2021 to 3 Feb 2021. This project will involve milling and overlaying of the existing asphalt pavement with a new asphalt topping from Page Rd to Robins Pkwy (shown in the first image as Phase I) and full depth replacement from Robins Pkwy to Warner Robins St (shown in the second image as Phase II). The work will be accomplished in phases designed to provide the least amount of impact to Robins AFB employees. This work is

projected to last approximately 30 days but could be delayed in the event of inclement weather or unforeseen conditions.
