

- Hanna Road Oct 5- 16

78 CEG is expected to start emergency repairs on Hannah Road beginning 5 October and last until 16 October. The sinkhole on Hannah Road (just south of Richard Ray Blvd) has become more urgent due to the recent rainfall event. The road has sank a few more inches.

Please see the two attachments for the location of the repair and detour route. The IAFF Union Notification and AFGE Union Notifications have been sent out.

Additionally, while the road is closed, 78 CEG will remove a few trees that are hanging over the road, to prevent unscheduled closures due to fallen trees during severe storms.

Should you have any questions, please contact CE Customer Service at [78ces.cs@us.af.mil](mailto:78ces.cs@us.af.mil)

- Road Closure for Commercial Gate Project: Nov. 2 - Spring 2021

The following is provided as a courtesy notice for project UHHZ163000, Commercial Vehicle/ Visitor Access Control Facility. This project will involve the creation of a secure area inside the current base perimeter fence to allow construction of the new Commercial Vehicle Gate without coming into Robins AFB.

1. Oak Street Access from southwest parking lot at Building 641 to Oak Street.
2. Oak Street from Tech Road to Oak Street Access.
3. Oak Street from Tech Road to Danville Street.
3. Danville Street from south drive at Building 610 to Oak Street.

Construction will take place from 2 November 2020 through November 2021. Oak Street Access to Tech Road will reopen in Spring 2021. This work is projected to last approximately 415 days but could take longer due to inclement weather or unforeseen conditions in which the work could be delayed.

If you have any questions, the point of contact is Derek Grimsley, 478-273-0308. You may also contact Lou Bouffard, DSN 497-7435 or Labor Specialist, Percival Jackson, 78 FSS/FSCAL DSN 497-6457 COMM 478-327-6457.
