

## Robins AFB Environmental Policy

All Robins AFB employees are committed to environmental excellence, the stewardship of community resources, and sustainability of basewide operations by implementing the following:

**S**et objectives: We will fulfill or exceed our environmental objectives to improve operational readiness.

**O**bey requirements: We will comply with environmental regulations and requirements while reducing compliance costs and liabilities.

**A**chieve improvements: We will continually improve our programs, processes, and systems.

**R**educe pollution: We will reduce or eliminate the use of hazardous materials and pollutants, purchase environmentally preferable products and services, while encouraging recycling.
